Dear Ida,

On behalf of Afrika Tikkun's beneficiaries and staff members, we would like to extend our deepest gratitude for your generous donation in kind of **knitted beanies**. Your partnership has enabled us to continue to provide education, nutrition, health care and skills development to thousands of underprivileged beneficiaries.

We take pride in partnering with you because this relationship has allowed us to make an impact on the lives of the most vulnerable children, youth and their families. In addition, you have also touched the lives of our staff members who depend on your investment to retain their jobs and we look forward to an on-going and sustainable partnership.

We pride ourselves as transparent and accountable to our trusted partners and should you require any specific information or clarity with regards to the operations of the organisation, please do not hesitate to ask and we would be delighted to oblige.

Best wishes,

**Herbert A Rosenberg**  
Acting Chairman

**Onyi Nwaneri**  
Head: Development,

My name is Hunandi and I am a young girl from a small village in Limpopo. I joined Afrika Tikkun in 2014 when I was in Grade 10 and have been part of the Children and Youth Development Programme since then. I love the programme and look forward to all the opportunities that they give us. I have been on many leadership camps and workshops.

I am very grateful for the opportunities that Afrika Tikkun has given me. I have been a guest on the Cliff Central radio station that recognises young leaders; it was a great honour to be identified as a leader. In 2015, I was elected the chairperson of the Anti-Violence Buddies Club as well as the school ambassador. I look forward to the times that I get to spend at the Afrika Tikkun centre and as a young person, I am grateful that the centre has an equipped library that I can use for my homework and they also give us computer lessons and career guidance workshops which makes us well-rounded and we all perform very well at school.

I now know that given the right opportunities and skills, every young person has the potential to become a leader and make a difference in their communities and in the country.
